

Prescriptions at Rase Equine Hospital

- You may obtain prescription only medicines from our veterinary surgeon OR you can ask for a written prescription to obtain these medicines from another veterinary clinic or pharmacy
- Our veterinary surgeons may only prescribe prescription only medicines for animals under their care
- A prescription may not be appropriate if your animal is an in-patient or if immediate treatment is necessary
- You will be informed, on request, of the price of any medicine that may be dispensed for your animal
- Our policy at Rase Veterinary Centre is to re-assess an animal requiring repeat prescriptions every 6 months, but this may vary with individual circumstances. The standard charge for a medication re-assessment (without bloods) is £24.00
- Further information on the prices of medicines is available on request.
